REASONS FOR ALLOWANCE

The following is an Examiner's Statement of Reasons for Allowance:

The applicant's amendment filed on 6/26/06 overcomes the technical deficiencies and the prior art rejection. Claims 1-20, 22 and 24-29 are allowed because the prior art of record fails to suggest "the at least one gm-cell is adapted to be configured to have substantially zero transconductance by selectively applying a single input signal to the first and second input nodes using the switch circuitry" as combined in claims 1, 13, 25 and 27; and "the tuning circuitry stores tuning control information for the at least one filter section such that the at least one filter section can be tuned intermittently" as combined in claim 28.

CONCLUSION

Any comments considered necessarily by applicant must be submitted no later than the payment of the Issue Fee and, to avoid processing delays, should preferably accompany the Issue Fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to DINH T. LE whose telephone number is (571) 272-1745. The examiner can normally be reached on Monday-Friday (8AM-7PM).
